

Dave thank you very much for your quick and efficient help in installing the furnace at 137 Locust Ave. I apologize for the conditions of the work environment and would like for you to please thank David, Jay and Reg for all they did. I intended to thank them but was interrupted as they were leaving and did not have the opportunity. Once again thank you and in the future I will not hesitate to call on you should I need any further assistance.

Sincerely

A handwritten signature in cursive script that reads "Walt Upchurch".
